KELVIN ATKINSON

Strong Leadership for Senate District 4

JOBS

I was proud to vote for legislation to bring thousands of new jobs to our area. We must do more. I will continue to fight to ensure new jobs go to Nevada workers, that there are apprenticeship programs and training programs available, and that Nevadans are protected in the workplace.

EDUCATION

My daughter Haley, the light of my life, is the reason education is so important to me. We must continue to work to recruit the best teachers, to reduce class size, and to provide educational opportunities to all students, including those struggling to learn and English language learners.

SENIORS

Having been raised by my grandparents, I want a bright retirement for all senior citizens. We need to make sure our seniors can remain in their homes for as long as possible, are safe, and have the economic security they need to enjoy their golden years.
